Time. Nowadays it is one of the most scarce and valuable assets. And time is what we dedicate to each one of our pieces.

Installed in Monção, in a village in the north of Portugal where time still flows more calmly, we select the best artisans. The knowledge of decades is deposited in every work through their experienced and wise hands.

Love and time are deposited in each of the fireplaces that leave our factory and are distributed by the most exclusive homes and locations around the world.

The Bespoke team adapts and customizes the product to your needs and dreams.

Unique pieces idealized by you and materialized by our experienced artisans. It is a meticulous, precise work which adds value and exclusivity to each product.

With high quality, durable and safe materials,
the know-how and the attention to detail
of our team allow us to offer you premium
products and services.

A range of bioethanol fireplaces with consumption optimization. A simply innovative system, equipped with an intuitive interface and the most advanced security and interactivity features.

CreationEVOPlus fireplaces

Thales

A versatile and adjustable piece that discovers the beauty of the integral view of the flame.

The possibility of rotating the two main components opens the way for the contemplation of a flame that seizes the surrounding environment.

Thales shows a luxurious golden finishing in a black lacquered steel and the latest technology of the automatic Crea7ionEVOPlus Fire Round.

Dimensions

1100 Ø x 2500-2700 h mm
to 2500-2700 mm of ceiling height

Autonomy

15-25 hours

For more technical information and options available, please consult **page 106**.

Thales shows a minimalist and elegant black lacquered steel finishing and the latest technology of the automatic Crea7tionEVOPlus Fire Round.

Crea7ionEVOPlus fireplaces

Eudoxus

The serenity that transcends the line of fire of Eudoxus - This characterizes this double face piece whose admiration of the fire culminates in a state of total tranquility consummated by the dazzling environments shaped by the flame.

Eudoxus shows the automatic fire line through a double face fireplace in a black lacquered steel finishing.

Dimensions

1200 w x 1200 d x 2200-2400 h mm
to 2500-2700 mm of ceiling height

Autonomy

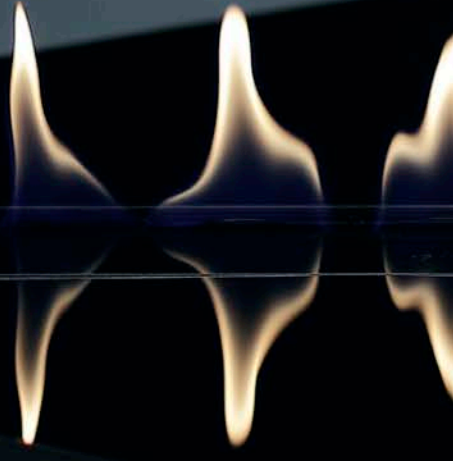

6-8 hours

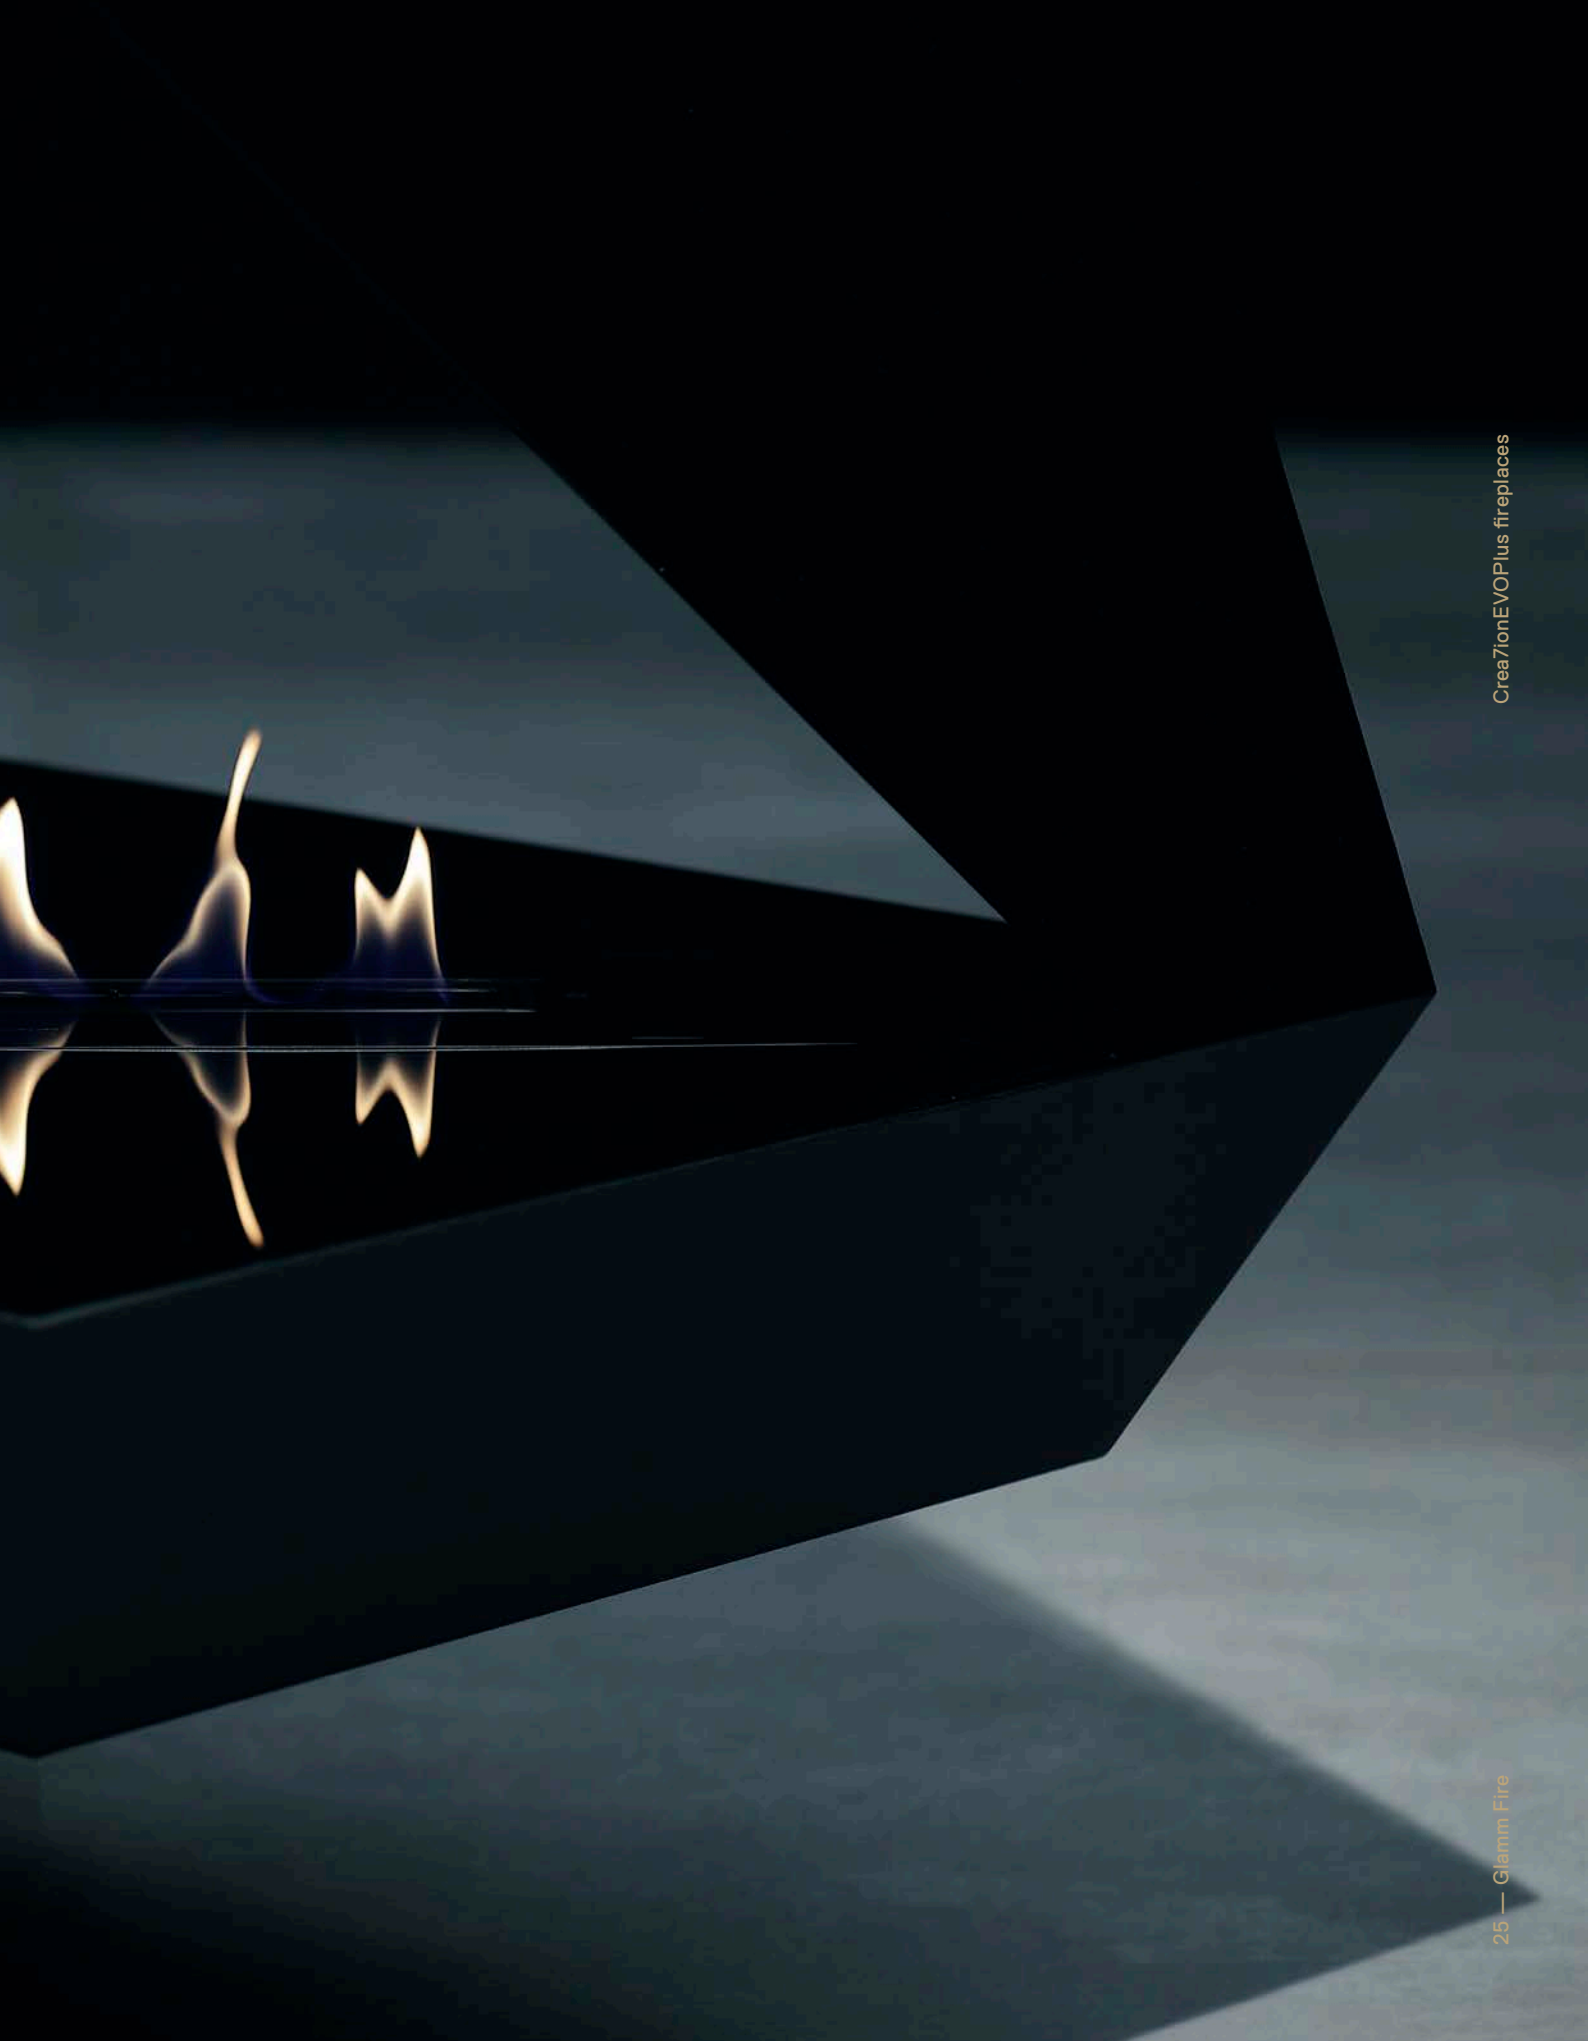

For more technical information and options available, please consult **page 106**.

Crea7onEVOPlus fireplaces

24 — Glamm Fire

Pythagoras

The magnificence of the straight lines of the geometric shape of a triangle merge on each side culminating in defined and long edges, making this masterpiece something imposing.

Pythagoras shows a black lacquered diamond with the latest technology of the automatic Crea7tionEVOPlus Fire Round in the middle.

Dimensions

1220 w x 1055 d x 2650 h mm
to 2700 mm of ceiling height

Autonomy

15–25 hours

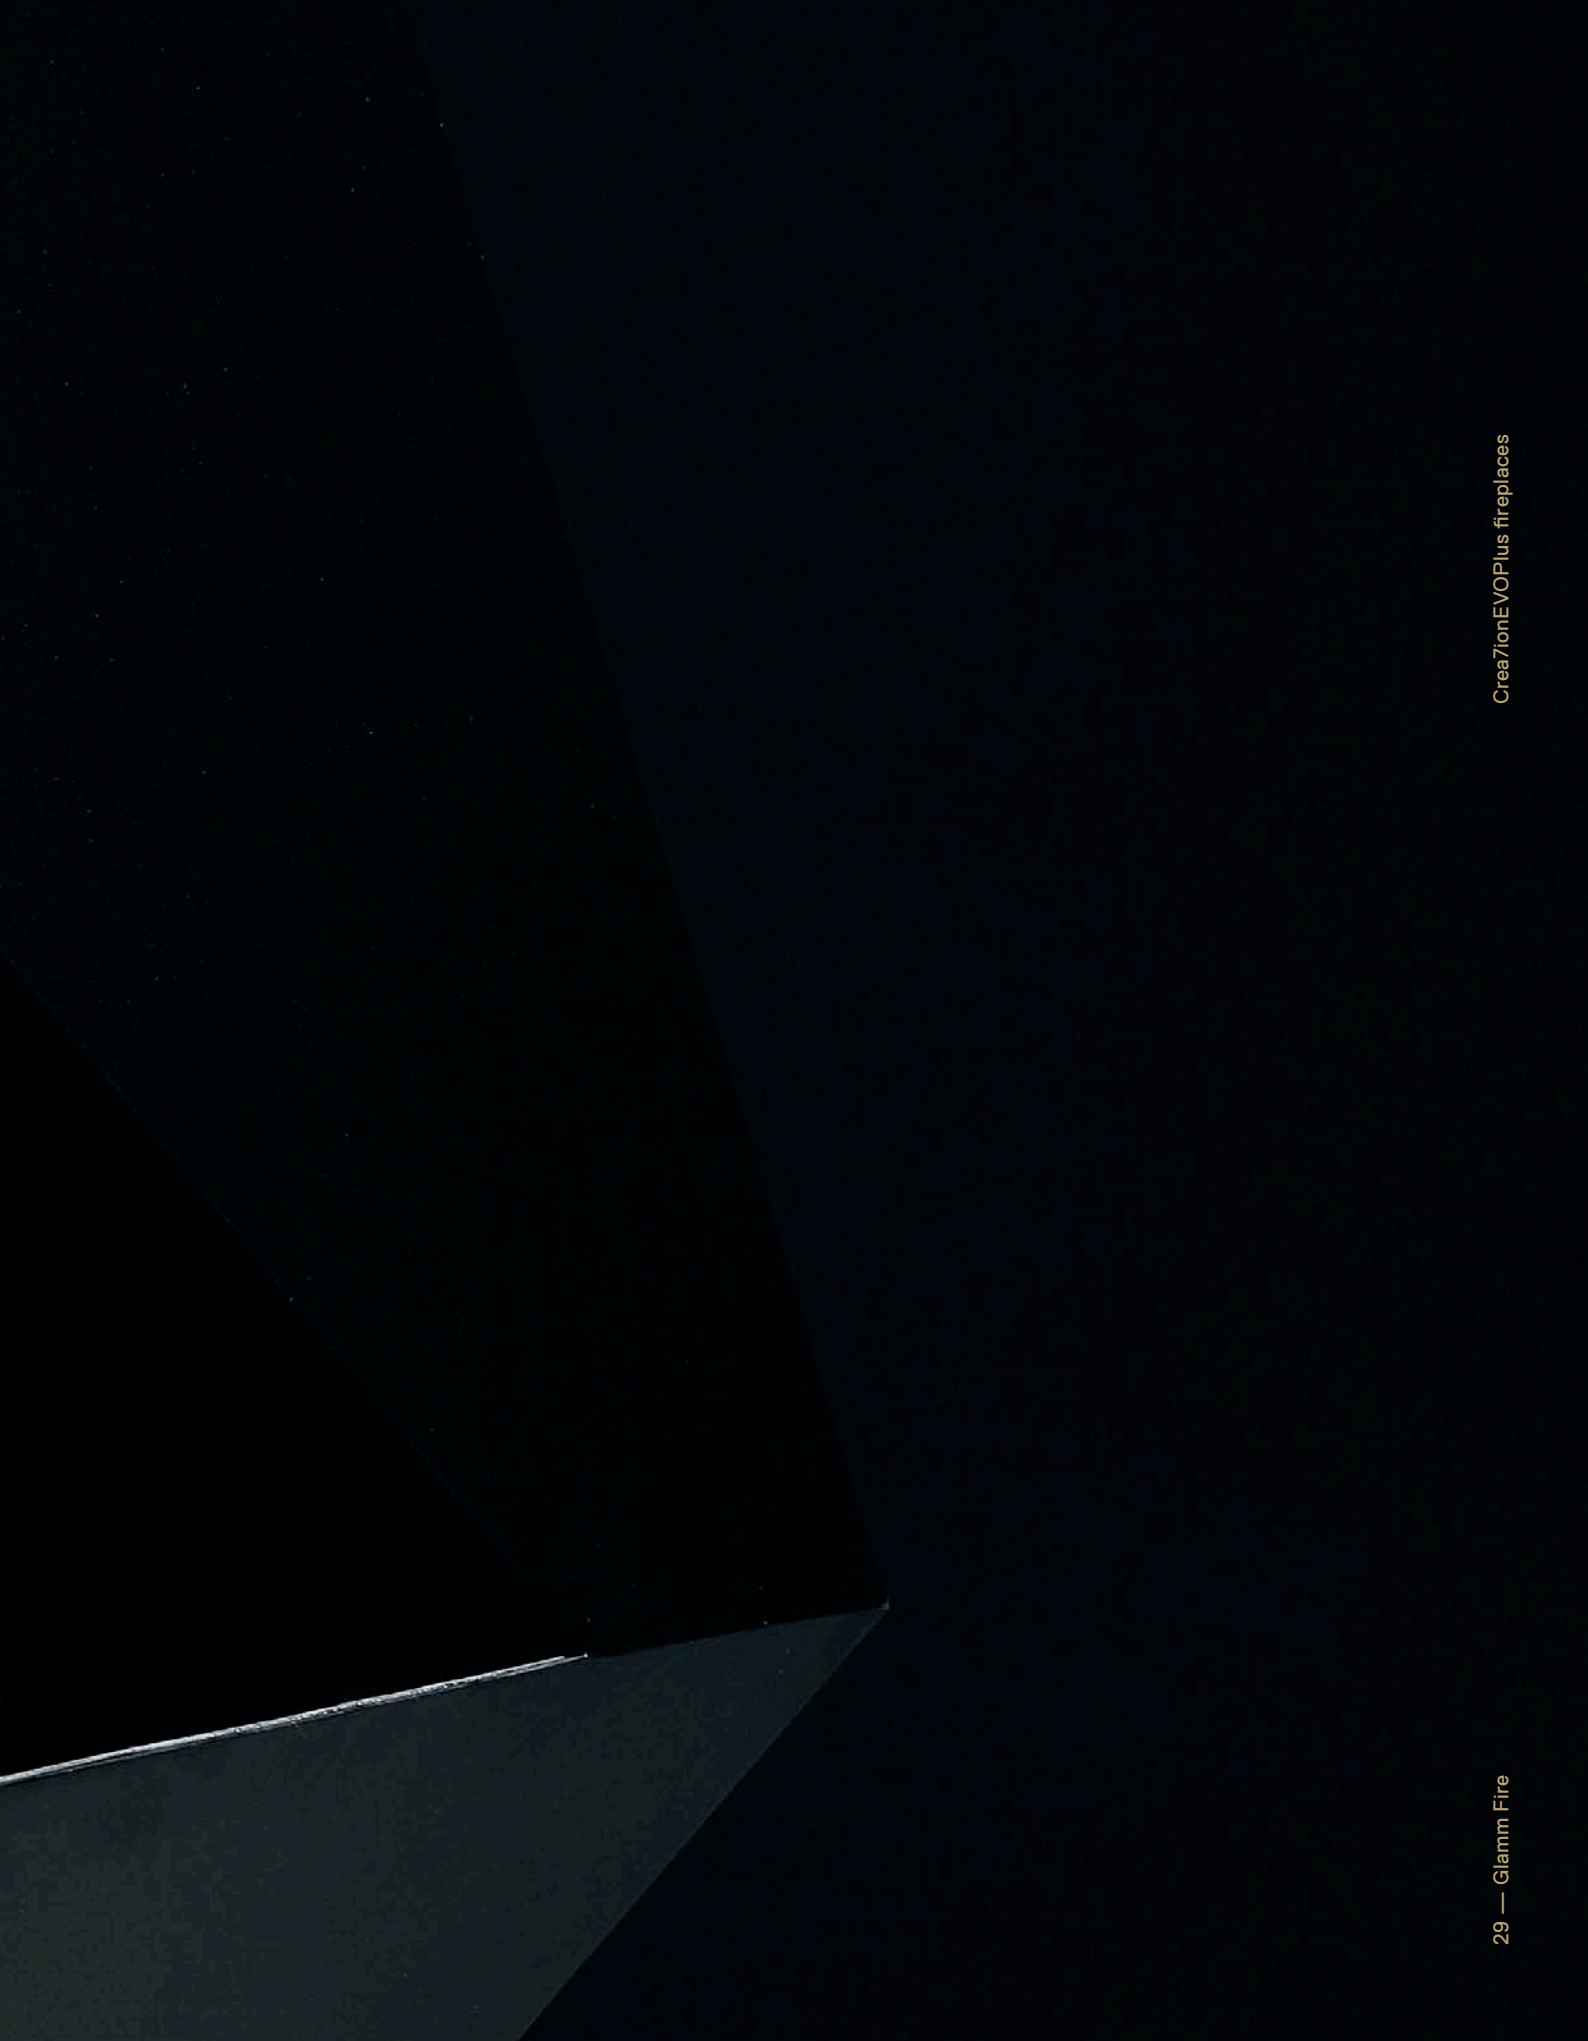

For more technical information and options available, please consult **page 107**.

Crea7onEVOPlus fireplaces

28 — Glamm Fire

York

York is a bioethanol fireplace with its eyes set on an elegant future that does not leave the charm of the past. It creates an elegant and comfortable environment.

York shows a design in a black lacquered steel finishing with brushed stainless steel corners and an automatic fire line to be embedded in traditional fireplaces.

Dimensions

910 w x 350 d x 280 h mm

Autonomy

6–8 hours

For more technical information and options available, please consult **page 107**.

Crea7onEVOplus fireplaces

glamm®
fire

Apollo IV

The irreverence of the details highlights a unique identity.

The latest Crea7ionEVOPlus technology coupled with premium materials and bold design sets the personality of this wall-mounted bioethanol fireplace.

Apollo IV shows an automatic wall-mounted fireplace in a unique rusted corten steel finishing.

Dimensions

1628 w x 243 d x 870 h mm

Autonomy

5-6 hours

For more technical information and options available, please consult **page 108**.

Crystal

Crystal Crea7ionEVOPlus is a visually intriguing wall-mounted model, the result of a remarkable combination of modern design and the quality of finishings.

Crea7ionEVOPlus fireplaces

Crystal shows an automatic wall-mounted fireplace in black lacquered steel and rusted corten steel finishing.

Dimensions

1100 w x 293 d x 750 h mm

Autonomy

6-8 hours

For more technical information and options available, please consult **page 108**.

Hypnosz

The eyes cannot detach themselves from the mesmerizing shapes and colours of a wall-mounted bioethanol fireplace that captivates anyone.

Hypnosz has the power to grab attention.

Hypnosz shows an automatic wall-mounted fireplace in rusted corten steel and golden finishings.

Dimensions

700 w x 225 d x 1100 h mm

Autonomy

7-8 hours

For more technical information and options available, please consult **page 109**.

Crea7onEVOPlus fireplaces

39 — Glamm Fire

Urban

High-quality materials, attractive lines and customization possibilities unite this bioethanol fireplace.

Make your environments more peaceful and familiar.

Urban shows a double face black lacquered steel body held by a polished stainless steel struture.

Dimensions

1615 w x 400 d x 926 h mm

Autonomy

5-6 hours

For more technical information and options available, please consult **page 109**.

GlammBox

Details such as their lines, resistance of structure and quality of materials stress the personality of these models, which offer endless possibilities in terms of installation and use.

GlammBox Crea7ionEVOPlus shows an integrated box in a black lacquered steel finishing with an automatic fire line included.

Dimensions

From 800 w x 360 d x 400 h
to 2000 w x 417 d x 400 h

Autonomy

3-8 hours

For more technical information and options available, please consult **page 110**.

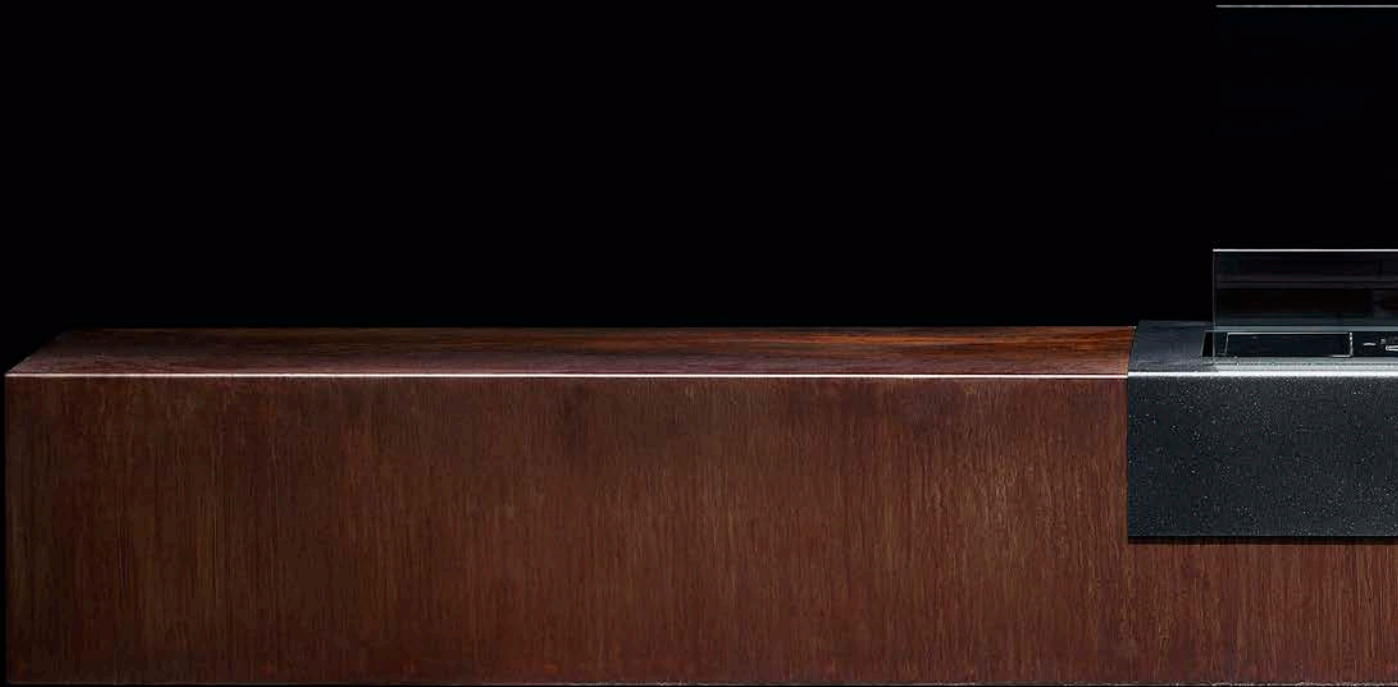

Loft

A simple and robust shape with a new concept. The Loft Crea7ionEVOPlus contributes to a comfortable and welcoming living space.

Loft shows a linear fireplace in a rusted corten steel finishing with an automatic fire line.

Dimensions

2500 w x 428 d x 613 h mm

Autonomy

5-6 hours

For more technical information and options available, please consult **page 111**.

The best collection of outdoor fireplaces perfect for your backyard including not only fire pits, barbecues, round and rectangular combustion zones but also gas heaters.

Outdoor

Cosmo 13

The refinement and quality of the materials make it the highlight piece for outdoor living.

Its unique design turns any space into luxury and good taste landscapes.

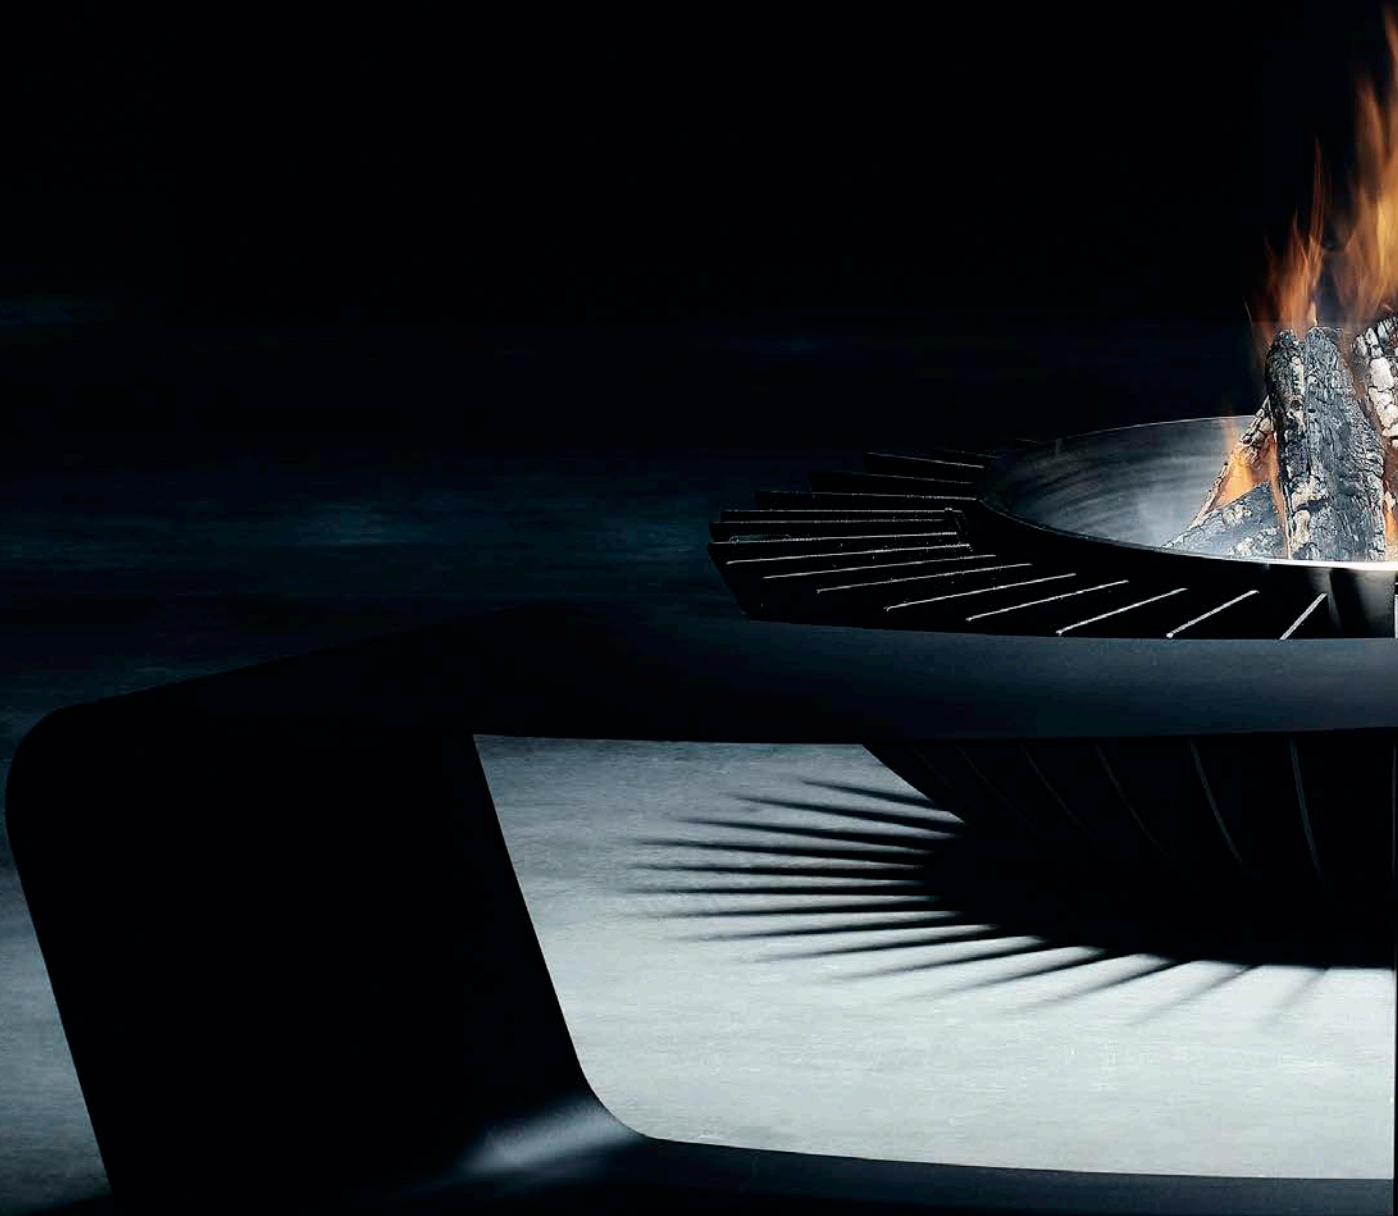

Cosmo 13 shows a detailed fire pit in a black lacquered steel finishing and brushed stainless steel concave combustion.

Dimensions

1140 Ø x 330 h mm

For more technical information and options available, please consult **page 111**.

Outdoor

53 — Glamm Fire

Stravaganza

Extravagance takes the form of a fire pit transforming pleasure, intensity and freedom into a true lifestyle.

The various types of fuel that can be chosen make the Stravaganza a good choice for any space you want to highlight.

Stravaganza shows a fire pit in a rusted corten steel and black lacquered steel finishings with a brushed stainless steel firewood combustion zone.

Dimensions

1678 x 486 h mm

For more technical information and options available, please consult **page 112**.

Zarzuela

A round shape fire pit with lacquered carbon steel benches appealing to share memorable moments around the fire.

Zarzuela shows a concrete fire pit with a brushed stainless steel firewood combustion zone.

Dimensions

Body · 1500 Ø x 420 h mm

Benches (unit) · 1950 w x 518 d x 407 h mm

For more technical information and options available, please consult **page 113**.

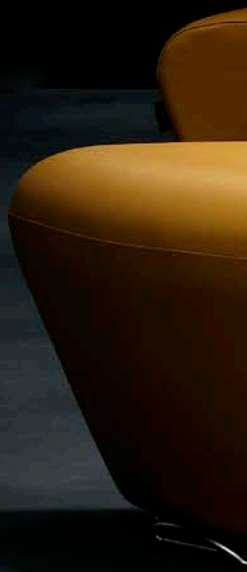

Circus

Circus brings you comfort through its fiery warmth and comfortable seats that can be easily stored around the central unit and endure weather conditions.

Circus shows an amusing fire pit with benches in a lemon fabric and a black lacquered steel body.

Dimensions

1510 Ø x 406 h mm

For more technical information and options available, please consult **page 114**.

Operetta

Happiness is made of small moments that lift us to another dimension.

The Operetta is a fire pit simultaneously discreet and robust, elegant and simple.

Operetta shows a sophisticated fire pit in a black lacquered steel finishing with a brushed stainless steel gas combustion zone.

Dimensions

1066 Ø x 419 h mm

For more technical information and options available, please consult **page 115**.

Vaudeville

A mixture of traits that reveal an instantly identifiable personality.

Vaudeville is a call to the outdoor fruition. With its futuristic, robust and unique look, it is the spotlight wherever it is placed.

Vaudeville shows a trendy fire pit in a black lacquered steel finishing with a brushed stainless steel firewood combustion zone.

Dimensions

2000 Ø x 480 h mm

For more technical information and options available, please consult **page 116**.

Outdoor

70 — Glamm Fire

Mime

Wood, gas or bioethanol. Straight lines with different forms of fuel are available to use in this fire pit.

Thought to store firewood in its gaps.

Mime shows an asymmetric fire pit in black lacquered steel and brushed stainless steel plates with a brushed stainless steel firewood combustion zone.

Dimensions

1492 Ø x 308 h mm

For more technical information and options available, please consult **page 117**.

Finishings

Lacquered steel
Rusted corten steel

Dimensions

1510 Ø x 406 h mm

Weight

164 kg

Combustion zone

Materials

AISI 316 stainless steel

Finishings

Brushed AISI 316 stainless steel

Fuel

Firewood / Charcoal / Gas / Bioethanol

Option firewood / charcoal

Accessories

Ash vacuum cleaner · included
Protection cover · included
Barbecue mitt · included
Cooking grill · optional
Spark screen and fuel compartment cover · optional

Option gas

Fuel

Propane gas / Butane gas / Natural gas

Ignition mode

Remote control

Consumption

Propane gas / Butane gas · 860-2300 g/h
Natural gas · 1,4-3,7 m³/h

Power

5-20 kW

Accessories

Protection cover · included
Barbecue mitt · included
Combustion zone decorative stones · optional
Spark screen and fuel compartment cover · optional

Option bioethanol

Burner I

Tank · 2 L (liquid bioethanol)
Power · 2,7 kW

Burner Crea7tionEVOPlus Fire Round

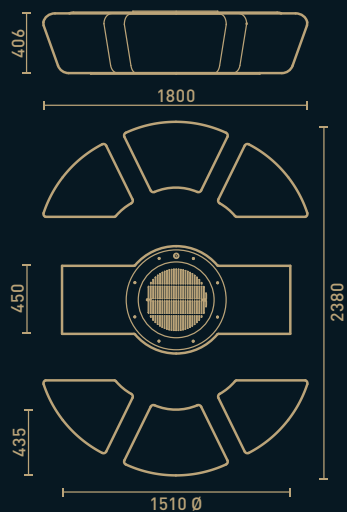

Tank · 10 L (liquid bioethanol)
Power · 2-4 kW

Ignition mode

Remote control

Accessories

Protection cover · included
Barbecue mitt · included
High temperature resistant round glass · included

Operetta

Fire pit

Materials

Steel or corten steel

Finishings

Lacquered steel
Rusted corten steel
Varnished corten steel

Dimensions

1066 Ø x 419 h mm

Weight

52 kg
